Digital Licence Yrs 4 – 5 Students

Dear Parents

Digital Licence - Digital Skills & Inclusion

“When interacting in an online environment children need to be educated on what to do if they are exposed to age-inappropriate content; encounter cyber bullying; or when they might be putting their privacy at risk.” (eSmart Digital Licence)

The Year 4 and Year 5 students will be developing their understanding and creating strategies in regards to the safety aspects of communicating ideas and [information](#) using [digital technologies](#) and working in digital environments.

We will be using the eSmart Digital Licence to complement the teaching program as it provides an engaging and interactive platform to reinforce the learning which can be used at home to encourage vital communication with parents. The licence is valid until the end of the calendar year.

The eSmart Digital Licence has been designed for use in environments where children learn and play, to support and celebrate digital inclusion and online knowledge for the whole community.” (eSmart Digital Licence)

It comprises eight key digital topics, which combine learning resources and interactive quizzes. Students will be given a personal login which allows individual progress and monitoring of understanding.

For more information please see Alannah & Madeleine Foundation - eSmart Digital Licence: <https://www.digitalllicence.com.au/parents/> or contact myself at the school.
